We Shall Spend \$500,000

To Give Ligozone Away.

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is the highest price ever paid for similar rights on any scientific discovery.

We are now spending \$500,000 to give the product away—one bottle to each of a million sick ones. We are doing this so that every sick one may find Ligozone itself prove what it is.

Kills Inside Germs

The greatest value of Ligozone is the fact that it kills germs in the body without killing the tissues. And no man knows another way to do it. Any drug that kills germs in a person, and it cannot be taken internally. Medicine is almost helpless in any germ disease, as every physician knows.

Acts Like Oxygen

Ligozone is the result of a process which, for more than 20 years, has been the constant subject of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases

are made part of the liquid product. The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Ligozone, which—like oxygen—is life to an animal, is deadly to vegetable matter. It is carried by the blood to every cell of every tissue, and no touch of impurity, no germ of disease, can exist where Ligozone goes.

Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

GREAT HORSE SHOW

BEGINNING OF SOCIAL
EVENTS OF THE WINTER.

Over One Hundred More Entries Than Last Year, and All Are Blue-Blooded Equines—Long List of Events Which Will Characterize an Entire Week of Gaiety Among the "Four Hundred," and of Great Interest Among Horse Fanciers.

New York, Nov. 12.—The twentieth annual exhibition of the National Horse Show Association, the famous "Horse Show," which is looked upon as the beginning of the winter's social season, opened today in Madison Square Garden. The immense amphitheater being gorgeous in orange and black, the colors of the association. The entry list this year shows an increase of more than 100 over last year, thus establishing a new record. The list also marks the infusion of a lot of new blood among the exhibitors, for the newcomers are more than in any previous year, and all have high hopes of winning blue ribbons.

From early morning the big ring, with its coating of fresh hemlock tanbark, and the stalls were scenes of activity. The work in the ring was watched with interest by quite a large crowd of horse fanciers, though the main part of the horse show audience will not be in evidence until evening, and until Saturday night the show will be the attraction in this city, not only for the sporting element and for lovers of the horse, but for those whom the horse show week is marked with red letters as one of the most important of the year. The list of box-holders insures an attendance no whit inferior to those of former years.

The program this year provides for many new features, and chief among them will be the contest for jumpers, which will test not only the ability of the horses, but of the riders. It is the in-and-out jump, in which the horse must come up to the first gate, jump it, go over the next, about the

width of a country lane, turn, jump again and take the side bars into the riding. Another feature is a special prize for four-in-hands, ladies to drive. Almost all of the old favorites in the pony classes are shown, and there are some new ones, of which much is expected. The greatest increase in numbers is among the trotters and roadsters, 47 more entries having been made this year. In the hackney class there is also an increase in the number of entries among the lot being some new English stock recently brought over.

TEXAS WOMEN.

Federation of Clubs Holding Large Convention.

Houston, Texas, Nov. 14.—All preparations have been completed to entertain in comfortable style the Texas Federation of Women's Clubs, which will meet in seventh annual convention here tomorrow, under conditions perhaps more favorable for a successful meeting than since the organization.

Almost every county in the state will be represented. In addition, there will be a number of women famous in literary and educational circles from other states. The local clubs are especially strong, and on them will involve the work of entertaining the visitors. The meeting will undoubtedly be the largest in point of attendance of any yet held in Texas. At a meeting of the executive board this evening the final details of the convention program will be arranged.

Wholesale Druggists to Meet.

New Orleans, La., Nov. 14.—Arriving trains today brought large numbers of delegates and visitors to the annual convention of the National Wholesale Druggists' Association, which will be in session here during the remainder of the week. For the entertainment of the members of the association and the ladies accompanying them a carriage ride was provided today to points of interest in and about the city. The business sessions of the convention will begin tomorrow morning, the place of meeting being the assembly room of the St. Charles hotel.

Ohio Anti-Saloon League.

Columbus, O., Nov. 14.—The Ohio Anti-Saloon League begins its annual convention here this evening and many visitors have arrived to take part. At the initial session Prof. E. J. Bosworth of Oberlin will preside and the principal address will be delivered by Rev. G. W. Young, D. D., of Kentucky. Congressman Chas. E. Littlefield of Maine is scheduled to address the convention at its concluding session tomorrow evening.

Carnival at Augusta.

Augusta, Ga., Nov. 14.—The Augusta Cotton Carnival opened today under most favorable auspices. All trains arriving this morning brought many visitors from all points within a radius of many miles. Special features of entertainment have been arranged for every day and night during the week and the carnival gives promise of being a notable success from every point of view.

Congressmen's Trip to Panama.

New York, Nov. 14.—For the purpose of acquiring information as a basis for legislation, members of the house committee on Interstate and Foreign Commerce, sailed on the transport Sumner today for Colon and will spend two weeks or so in the Panama canal zone. The members of the committee are accompanied by their wives, by other representatives and several senators.

It Is Wonderful

COMPETITORS ALL OUT-DISTANCED.

The awarding of the only prize for Blankets, Indian Robes, Indian Shawls and Indian Couch Covers at St. Louis to the Pendleton Woolen Mills adds but very little to the fame of this celebrated line of goods, but the circumstances surrounding the goods sent to the Fair show that this line really merits all the honor as this was not a prepared exhibit.

It is usual for manufacturers to prepare something especially fine for exhibition purposes, but these goods were packed on a "hurry-up" order direct from the shelves of the stock room and are the exact qualities that are being shipped all over the country to customers.

Christmas trade has commenced to come in already, showing that there is going to be greater interest all over the country in these Robes, Etc., for holiday presents.

Pendleton people should bear this in mind. Nothing pleases friends in the East more than one of these robes. They not only advertise the City of Pendleton, but are the most appropriate souvenir of the Great West now obtainable.

THE SMOKING JACKETS bid fair to soon out rival the robes in popularity, as orders are coming in from nearly all the points where samples have been shown.

They are without doubt the swellest thing and the latest novelty in Smoking Jackets. By the way.

HAVE YOU SEEN THE SMOKING JACKETS?

Art Department
